Volume XXXII

Salinas, Calif., Friday, March 29, 1963

Number 14

Jack and John Square Off

■ **JACK HORWITZ** and John Vigil, candidates for the student body presidency, square off in their campaign battle. Both will speak today in the annual election assembly. Voting will take place Monday and Tuesday, with run-offs to be held Thursday and Friday. All offices are being run for, but several are uncontested. The Sentinel urges its readers to get out and vote. **EXERCISE YOUR VOTE AGAINST APATHY.**

CANDIDATES SAY:

A.S.B. PRESIDENT JACK HORWITZ

I am seeking the office of president because of my interest in student government. I have demonstrated my interest in government by participating in politics in and out of school. I am currently president of the Young Democrats and I.C.C. representative for the United Nations Club and have participated in other student government programs. Because of my interest in student government I feel that I could work closer with the commission in establishing policies beneficial to all.

If elected I will introduce programs that will benefit the student body. Vocational guidance discussion will help students determine their future professions. Our lecture and film series need amelioration which I plan to work on if elected. I intend to introduce in I.C.C. an award program based on a point system giving a perpetual trophy to a deserving club. To create interest in student government the president

should deliver a "State of Hartnell Address," during an assembly for a short time once a month. Extending library hours will allow more time for students to study. These are just some of the programs I would like to introduce.

I sincerely promise that if elected student body president, that upon assuming this position I will immediately initiate such legislation.

JOHN VIGIL

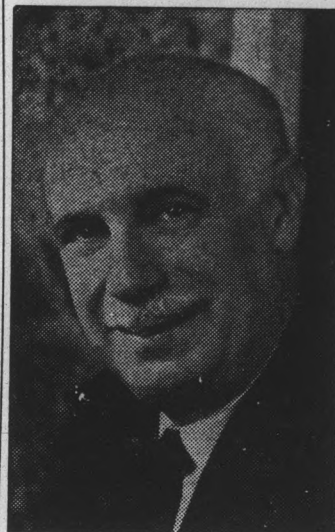

"Move ahead with VIGAH." Today, there is an element within Hartnell society that needs to be corrected immediately—school spirit.

I propose, if and when elected to the post of ASB president, to revise I.C.C. so that each member will receive one grade point and attend parliamentary procedure classes. Each club will have a competent representative to I.C.C. There will be a perpetual "Club of the Year Award." The club receiving the most points will receive this award. Points will be determined by club participation.

I will also enact a program to bring Hartnell, San Benito, M.P.C., and Cabrillo together for an intercollegiate field day (tug-of-war through mud, etc.). The losing ASB presidents will present the shirts off their backs to the winning ASB president at the end of the day's activities.

I stand for longer library hours. I wish to form an honor "Hall of Fame" for Hartnell's outstanding all-around students—academic and extracurricular. Working with the commissioner of cultural activities, I intend to bring a larger variety of speakers and films to our campus. I intend to activate the supreme court so

SPITZ SPEAKS

ARMAND SPITZ

Armand Spitz, author and inventor of the world famous Spitz planetarium, will comment on the subject, "Face to Face With Space," tonight in the Hartnell College Library at 8:00.

Mr. Spitz is adviser to museums, schools and colleges around the world. He was asked by the Smithsonian Astrophysical Observatory to develop a program to track satellites in orbit. For almost 20 years he served as director of education for the Franklin Institute in Philadelphia. He is associate editor of "The Review of Popular Astronomy."

students who are accused of misrepresentation of this college may present their cases before a student court, as has not been the case in recent past.

I am vice president of the Hartnell Dorm, treasurer of the Young Democrats, ICC member, and was a Hartnell delegate to the last CJSGA(NR) conference.

Government Conference Helps Inspire New Project Ideas

By Barbara Fahey

Early last Saturday morning, 19 student leaders left Hartnell and, despite the rain, headed for Foothill College to attend the spring Northern Region Conference of the California Junior College Student Government Association. Approximately 27 junior colleges in northern California were represented on the beautiful but soggy Foothill campus. Many of the Hartnell delegates were seasoned veterans, having worked on the fall regional held last semester at Hartnell.

Keynote speaker for the meeting was Dr. W. H. Cowley, professor of higher education at Stanford University. Dr. Cowley spoke on the development and the guiding philosophy of student government. Also introduced at the morning general assembly were ASB President Art Renney, who will be president of the statewide conference next fall, and ASB Vice-president Maris Campbell, who was chairman of a workshop at the Foothill Conference.

Student Programs Discussed

After splitting up into workshop groups to discuss specific areas of college life, the delegates returned to the general assembly to hash out proposed legislation. Resolutions and recommendations concerning such things as foreign students, big-name entertainment, fraternal organizations, and many parts of the California State Education Code were argued and voted upon.

The Hartnell group, which in-

cluded commissioners Gary Meimar, Kathy Bauer, Barbara Fahey, Linda O'Neal, Pat Stanley, Mary Moorhead, Jan Brunson, Bob Shehorn, Ann Perryman, Janice Smith, and Doug Edwards, showed clear-headed, independent thinking, leading the opposition in the discussion on World University Service, a foreign student program, and voting with the majority on the other items.

Although business was conducted with efficiency and speed, several pieces of proposed legislation never reached the floor.

Candidates Attend

Also taking an active part in the meeting were ASB candidates Jack Horwitz, John Vigil, Steve Sutherland and Bill Stafford. Everyone was impressed by the fine spirit of cooperation and enthusiasm and among the groups, and agreed it was a fine conference. The delegates came home with many new ideas, and anticipate eagerly the coming state and regional meetings.

HARTNELL BRASS TO SHINE

■ **HARTNELL'S BRASS** ensemble rehearses for a concert to be presented at next Friday's assembly. Left to right are handsmen John Cline, Don Roberts, Gordon Watson, Leonard Fong, and Everett Coombs. The group will perform with the concert ensemble at 11:40

a.m. in the Men's Gym. Concert ensemble director is Lorell McCann; Robert Lee leads the brass quintet. Special interest will be the "Suite for Brass Ensemble," composed by Cline in a music class of McCann's.

Campus Briefs

"Oldies but Goodies" will be the theme for the dance being held by members of the Hartnell Residence Society tonight at 9:00 in the Student Union lounge. Prizes and refreshments are also to be had, since the dorm residents want this to be a dance enjoyed by all. Top hit records from the past will highlight the evening's music which begins at 9:00 and continues until 12:00. Admission prices are 50 cents per couple and 35 cents stag.

Attention, Bunnies!

Do you realize that there are only five days of school left till Easter? That's right, one week to go until the season of rabbits, eggs, and bonnets. Isn't that exciting? Oh, five more days and we will be

FLASH!

Diane Schmit has just announced that she is running for Miss Monterey County. The finalist goes on to the Miss California contest, and from there has a chance at the Miss America Contest.

JOURNALISTS TO DISNEYLAND

Six sleepy Hartnell journalists rose with the sun this morning to drive to the annual convention of the Journalism Association of California Junior Colleges at Disneyland.

The two-day conclave will feature workshops and contests for newspapermen, photographers, and those interested in yearbooks.

Representing Hartnell will be Jerry Townsend, last semester's Sentinel editor; Pat Stanley, current Sentinel editor; and Don Roberts, La Reata chief. Also attending will be writer Lee Simondet, photographer Bob Rood, Sentinel staffer Des Brosnahan, and adviser Paul Johnson.

Stanley, Simondet, and Townsend, veterans of last year's JAJC convention in Sacramento, will enter news writing, feature writing, and sports writing contests, respectively. Rood will enter a feature photography contest, while Brosnahan will participate on a special panel to discuss news writing. Also on this panel will be representatives from Foothill and Diablo Valley.

Last spring Simondet walked off with top honors in the feature writing contest.

Vecker Lone Wolf in Rallies Race

"The reason that I am seeking the position of commissioner of rallies and assemblies is that I feel that I will be able to employ more enthusiasm and spirit essential to Hartnell College, than has been incorporated in the past.

"I believe that I am qualified for this position because I have had much experience concerning matters such as this. I also believe that I am qualified because I held the position of commissioner of rallies at Monterey Union High School last year. I believe that, with this past experience, I will be able to do a good

job at Hartnell."

"It must also be understood that a link between the commissioner of rallies and assemblies and the student body be established so that spirit cannot be denied next year without a doubt."

PAIR CASTS EYE ON BOOKSTORE

LINDA AXE

"Having been employed in the Student Store for the past semester, I naturally desire to give it the best representation possible in commission. But more than that, I would like to see a greater student awareness of the store which is their store in more ways than profit.

"To this end, I have asked you, the students, for your suggestions as to the improvement of your store, and have received many intelligent and constructive answers. If elected, I intend to put these suggestions into operations, as well as put a short column in the Sentinel concerning the outcome of bookstore and commission meetings, reviews of new paperbacks and other items of general interest."

"So remember that on election day, your vote for me will reflect your desire to effect your own suggestions and to know exactly what is happening in your Student Store."

STEPHEN SUTHERLAND

"I believe that I will make a good commissioner of the bookstore because I have spoken with bookstore commissioners from two other colleges at the last California Junior College Student Government Association, which

I attended as a delegate, and learned some of the problems concerning the stores. I have had long talks with the manager of the store and know intimately the problems that our store must surmount so that it might compare favorably with other bookstores in California. My long interest and participation in school governments have taught me what I need to know to represent all students fairly and completely.

"I finally pledge to you that I will do all in my power if I am elected, to solve the problems and complaints that have been voiced against the store. I will confer with commissioners of the stores in other colleges and try to learn if any rebate or discount system is possible in our bookstore and if it is, I will work unceasingly until it is incorporated into our college."

TWO FOR CULTURE

ROBERT ARMSTRONG

The position of commissioner of cultural activities is one which requires dedication and hard work. During my two years at Hartnell I feel that I've proved myself ready, willing and able to tackle this position. I am a member of I.C.C. and have attended many of the commission meetings. I have had experience in high school and, most important of all, I've been an active officer in clubs on the Hartnell campus. I want to revive the student-faculty discussion groups, carry on the fine work of the film series, and procure more controversial speakers for our "Hartnell Presents" series."

DON MOORHEAD

I wouldn't say that our campus is suffering the effects of a cultural desert, but we do have a water shortage problem. The commissioner of cultural activities—a position involving the 'Hartnell Presents' series, free movies, student-faculty discussions and other student activities—it vital to school spirit.

"If I get the office, I will back speakers, movies, and discussion groups that have impact behind them, involving questions of any nature that contain the spirit of controversy. If you are not concerned, my curse on you: 'May you marry a ghost, bear him a kitten, and may the High King of Glory permit you to catch the mange.'"

Two Race for Secretary

SHARILYN ANN MEYERS

"Hartnell needs a student commissioner that will help the student realize just how important school spirit and school activities are. My reason for wanting the job as secretary is that I want to help Hartnell achieve these two important things. My qualifications are few but I am ready and willing to prove myself to anybody. It makes no difference how much experience that a person has, but how much he or she is willing to do to get the experience. That is what I hope to obtain from all you voters, a chance to prove myself in your eyes by serving Hartnell students as their student body secretary."

DONNA PREHEIM

"I would like the position of ASB secretary because I think it will be an interesting and rewarding experience. If appointed, I will keep an accurate record of what takes place at the meetings, to the best of my ability."

"I think that I am qualified for this post because I have had three years of shorthand and three years of typing. I am working part time as a secretary, therefore, I believe I have had the responsibility required for the job. I have been a dancing teacher for the past three years and have learned to work well with people of all ages."

LITTLE MAN ON CAMPUS

OH I SUPPOSE YOU COULD SAY I GET SPECIAL PRIVILEGE NOW AND THEN WITH DAD A MEMBER OF TH' BOARD OF TRUSTEES."

Letters to the Editor

To the Editor:

I recently witnessed a student tearing an announcement from the bulletin board—an announcement of a political movie. If this individual is so afraid that someone might see the movie that he would attempt to hide its existence, there must be either something wrong with the student or the movie.

Since the people in this insti-

tution are supposed to be intelligent enough to decide the merits of such a publication for themselves, we must assume the fault lies with said individual, and anyone else who attempts to keep information from the student body.

I therefore request information on possible recourse and measures to keep this from happening again.

—GARTH PARKER

Bauer for Soph Pres.

Having served this year on commission as Associated Women Students' president, I feel I have gained experience which would prove invaluable if elected sophomore president.

"Many of the ideas for my platform, which will be presented at today's election assembly, stem from workshops at the various conventions to which I have been a delegate, including last week's student government conference at Foothill. Many of my ideas for the stimulation of apathy on this campus have worked successfully with WAA (Women's Athletic Association), another group in which I am active.

To make a short story long (?), I urge you to elect me to this important post so that I may strive to bring out the best of next year's sophomore class!

Stafford - Soph Pres.

"In the coming election, if you choose me for your sophomore class president, I will try to the best of my ability to carry out policies which I will discuss in today's assembly."

"This is a stock statement, and I am sure you have all heard what goes along with it and will hear it again and again for a long time to come. I would like to add only this: If elected, I intend to promote good representation for the sophomore class and see that all decisions are weighed carefully."

Music Festival

Tomorrow morning, musicians, representing eleven high schools in this area, will congregate on the Hartnell campus for the second annual instrumental festival for the Central Coast Section of the California Music Educators. Those schools participating in this annual affair will be Gilroy, Hollister, Gonzales, King City, San Lorenzo, Santa Cruz, Soquel, Watsonville, Monterey, Pacific Grove, and Carmel. The high schools in the Salinas district have their own festival and will not be represented here.

According to Hartnell band director, Mr. Robert Lee, coordinator for the festival, "Approximately 500 students and their instructors are expected tomorrow for the two sessions. In the morning the bands from the five larger schools will perform, that afternoon the remaining six bands will play, along with the three orchestras attending."

"Each band will have thirty minutes in which to tune-up and execute its numbers. Each performance will be judged and scored according to program content and execution, and all comments will be given to the directors. This year we are privileged to have as judges Mr. James Berdahl, band director at the University of California at Berkeley; and Mr. John Gosling, director of the Monterey Symphony Orchestra."

The program will begin at 8 o'clock and will last until 3:30. Members of the Hartnell Music Club are providing a food booth for those attending, and Hartnell band members will assist Mr. Lee with arrangements.

PERSIAN LASS HOPES FOR CITIZENSHIP

By Paula Johnson

Hartnell has another first. Her name is Fatima Eskandari and she is Hartnell's first female Persian student. She hails from the capital city of Tehran where her father is a government official. However, Fatima is not the first of her family to attend Hartnell. Her uncle was a student at the home of the mighty Panthers several years ago.

Of this country Fatima says, "I like it very much here in the United States. I wish to become a citizen. When the Iranian government will allow, my family—mother, father, two brothers and twin sisters—also want to come to the United States and become citizens."

High School for 6 Years

Fatima, who has a substantial educational background (the six years of high school in Tehran require six years of language, three of chemistry, three of physics, three of over 2,000 years of Persian history, three of literature, math from geometry to calculus, as well as the electives for one's major) plans to major in biochemistry at Berkeley or San Jose State after receiving her A.A. at Hartnell. She has a real eye on the medical field.

Of American schools she says, "They are different. In Persia we have no professors who smile."

Persian students whether they attend public or private schools, begin their study of a major in the fourth year of high school. The years too are much more extensive as there is no semester. The school term begins in early autumn and extends until early summer with the only holiday being a 15-day break at New Year which this year falls on the 21st of March.

No Coed Classes

Most classes are not coeducational and thus school social activity takes the form of clubs and student government projects much as in the United States. "School is very long, so serious and formal, and with so much homework."

After three months' contact with the United States, Fatima says, "Americans have some of the strangest ideas about Iran. The most amusing is about camels. The only camels in Persia are the few brought into the south by the Arab herdsmen and those are in the zoo."

Look Like American Cities

"Cities in Persia are not Moorish, not Oriental and not Byzantine. They look like American cities with office buildings and buses. The only difference lies in the fact that 80 per cent of the Persians are Moslem and so Iranian cities have mosques rather than churches."

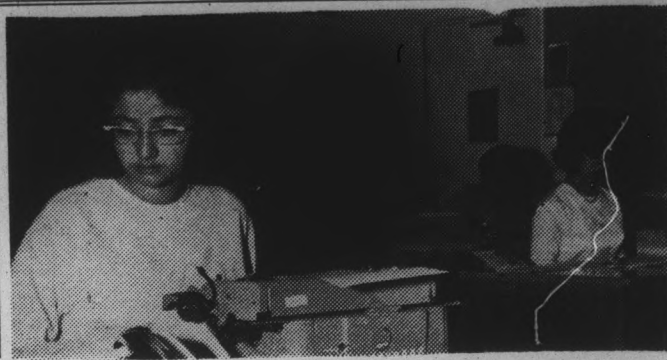

Another frequent misconception of Iran is the topography. Contrary to popular belief, Persia is not a desert. The weather is much like that of California.

"But," she says, "I have mentioned only one very little side of the things I have experienced here. There are many wonderful things about the United States and it is for these things

that I wish to become a citizen."

"In the United States a person lives for himself. He works, he goes to school, he lives for himself; he lives as he wants to. This liberty one does not have in Persia and for this I wish to be naturalized."

Right: Fatima practices typing

How do we thank such a man as this?

The railroad hat is deceptive. Bill Schupbach is a lifetime Standard Oiler, retired. His grandfather, father and uncle were Standard Oilers before him.

Before retiring, Bill was a refinery foreman. His company retirement plan gives him security, and time for model railroading, but his big enthusiasm is still Standard Oil Company.

Bill keeps close to us, and we to him. He is invited to our picnics and parties, receives our publications,

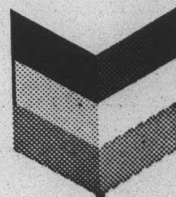

and is still one of the "Boys" at the refinery. He knows that he *belongs*.

It isn't the spoken thanks that do it; but your lasting interest in a man, your counting him as a person and not a statistic, these are the things that live his spirit.

We have thousands of such fine men and women on our retirement payroll. If you know some of them, you know that they, too, are ardent Standard Oilers.

Planning ahead to serve you better

STANDARD OIL COMPANY OF CALIFORNIA

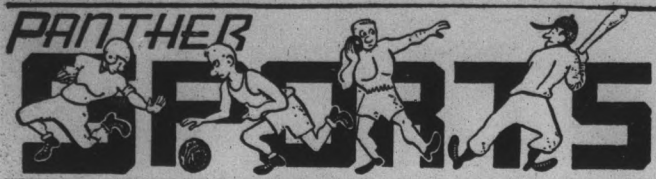

Concert Friday

The Hartnell concert ensemble and the brass ensemble will present a concert at the assembly hour next Friday in the Men's gym.

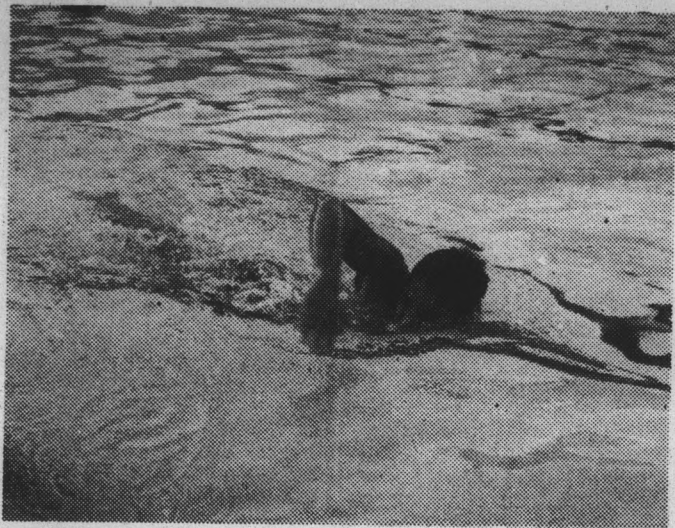

In addition to works featuring students Kitty Teves and John Cline, the program will include compositions by Brahms, Handel, Mozart, Stossel and Padillo.

Music instructor Lorell McCann will direct the concert ensemble which will also accompany Kitty in a performance of Mozarts Concerto No. 1 in D Major.

Mr. Robert Lee will direct the brass ensemble in a suite composed by John Cline. This original work is set in four movements.

WHO SAYS PANTHERS DON'T LIKE WATER?

■ **STAR SWIMMER** and ex-officio member of the Panther swim team, Harold Davenport shows his freestyle form in a workout preparing for a contest which will not count (as far as he is concerned). The smooth-stroking freshman comes from Hawaii where he holds two state records for the 50 yards and the 100 yards. Also declared ineligible was tanker Harry Honaker, whose extended Hawaiian vacation cost him his California residency. The swim squad is now practicing two hours every afternoon at the North High pool.

Cats Vs. MPC Tuesday

The Hartnell baseball team will try again Tuesday to open Coast Conference play with a game against Monterey Peninsula College at the Panthers' field after the scheduled loop opener against Menlo was rained out last week.

Hartnell will wind up preseason play tomorrow with an outing against Soledad State Prison at the con's home ground.

The Cats already hold three wins and a tie over the prison nine, whipping them 10-1, 4-2, 10-1, and knotting one 5-5. Besides that, the Harts hold a 20-2 decision over Moffett Field. Two

lone losses were both to San Jose State College Frosh, being bounced 10-5 in the first meeting and losing a heart breaker 11-10 in the last encounter.

Homers Lose It

The last loss to the S.J. yearlings came in the final inning when a pair of S.J. homers spelled the difference.

In tomorrow's game Coach Jess Regli should open on the mound with one of his two top chuckers, Mike Correa or Harold Edrington. Also expected to see action is control artist Ray Raphael. Edrington assumed most of the chores against San Jose.

MENLO NABS WIN; SANTA CLARA NEXT

Never in seven years has a tennis match been rained out at Hartnell but just that happened last week for the match with Santa Clara. Not only that, but an earlier trip to Foothill met a wet reception and a scheduled outing at Vallejo Saturday was postponed.

The only match played in a month saw Menlo College, the top team in the opinion of Rudy Perez, down Hartnell, 6-1. Coach Darwin Peavy hopes for sunshine and a win tomorrow at Santa Clara, the next assignment.

Here are the results of the Menlo-Hartnell match:

Singles

Norm McKay (M) d. Rudy Perez, 6-3, 6-2.

John Gill (M), d. Ken Shirk, 6-0, 6-3.

Bill Pangman (M), d. John Michalec, 6-2, 6-4.

Bob Given (M) d. Don Jones, 6-0, 6-3.

Des Brosnahan (H) d. Al Massey, 8-6, 4-0, 6-0.

Doubles

McKay-Jones (M) d. Perez-Shirk, 9-7, 6-3.

Pangman-Given (M) d. Michalec-Jones, 6-1, 6-0.

Team scores: Menlo 6, Hartnell 1.

Stanford Blanks Kats

A lad from faraway Scotland, Gordon Waddell, put across a try and a pair of penalty goals to lead Stanford to a 22-0 blanking of the Kats Club of Vancouver, British Columbia, in a rugby game at Carmel Valley Junior High Sunday in the fifth annual Monterey tourney.

Just what does this prove? That the caliber of West Coast rugby is on the upswing, according to the opinion of several experts of the rugged game.

The win of a California team over a squad from a country that plays rugby as a national pastime could prove to bring the game into more national prominence. Perhaps in the not too distant future, eight stout Panthers will lock arms and get set for a scrum.

TWO TOP HART TANKERS INELIGIBLE; NOT ALLOWED TO COMPETE

By Pat Stanley

A damper was tossed on the Panther swim team when two top equamen were declared ineligible to participate in the Coast Conference.

Hal Davenport and Harry Honaker did not meet the residency requirement which states that any athlete from out of state must attend the college for two semesters before participating. The swimming pair was not aware of these regulations.

And because the squad had participated in a conference meet

Hartnell won but now has to forfeit, the two other eligible tankers, Greg Hafen and Chuck Stagner, could not drop out for a year without losing a full year's eligibility.

After a dismal consultation, it was decided that the quartet will continue to swim together, the two "outcasts" swimming unattached. Any points made by Davenport or Honaker will not count.

Two New Men

But a bright spot for the team is the addition of two new wet-will swim against Monterey Peninsula College at the Lobo pool. Swim Coach Carl Sundgren predicts a "good showing" despite the odds.

men (and they are both eligible). Maria Marquez and Art Garcia are the new hopefuls. Garcia has no previous experience, but made a good showing last Friday swimming against Cabrillo and snagging a third place. Marquez,

fresh from the wrestling team, specializes in diving.

Now that there are once again four eligible tankers, Hartnell can enter the relay races.

Seahawks Win

The Panthers lost that meet to Cabrillo, 66 to 21. The meet was changed from the Cabrillo pool to the Salinas Municipal pool only a few hours before swimming time. North High coaches and swimmers aided the cause by taking over the officiating and timing.

Today the "foursome plus two"

Rain Stops Golf; Cabrillo Today

Golfers from Hartnell journeyed to Vallejo's Rock Springs fairways yesterday to do battle in their first conference match of the season. The Vallejo outing has been on the agenda for the past three weeks but due to the whims of Mother Nature, the cow pasture pool team was almost washed away in torrents of raging rain—at least their matches were.

Eligibility Problems

Arvin Smith's links crew is having a few problems with eligibility rules as is the aqua team. Bob Winchell, one of the top stickmen, is feared ineligible. Top place is currently held down by big Tim Ragsdale, smooth-swinging redhead, who has been leading the club wielders into battle.

If Winchell leaves, the squad will consist of Ragsdale, the number one man, joined by John Cline in second position. Ray Baker will move to the third spot. Tom Baughn has managed to hold his newly acquired fourth position.

Vie With Cabrillo Today

The enthusiastic club swingers venture to Cabrillo today in an attempt to climb the ladder towards a conference championship.

with Vallejo (which, incidentally,

ALL STARS

Ray Brown, Hartnell's high-scoring basketball ace, drew postseason honors last week when coaches of the Coast Conference voted the lanky forward to the first string on the CC all-star squad.

Howard Utterback and Ernie Shelton also picked up lauds for the past season with Utterback drawing a second-string berth and Shelton picking up an honorable mention by the balloting of the coaches.

Other members of the first string along with Brown were two players of the Monterey Peninsula College five, Lowell Witten and Charlie White. Vallejo also placed two men on the first five, Dan King and Frank Mixon. John Edgar of Cabrillo rounded out the team. There were six men on the first string team. White of MPC was named most valuable player by the coaches.

Rain Stops Meet; Reset Tomorrow

It seems that the gods are against the Coast Conference pulling off its annual relays with the outing already postponed twice because of rain. Officials will try again tomorrow with the regular scheduled loop meet with San Benito and the Panthers at Menlo postponed indefinitely, according to cinder coach Ed Adams.

The Cats still seem to be the class in the league with a snap win over Coalinga and San Benito last week. Menlo, invited to the meet, did not show up.

Butler Scales 13-6

Top mark of the meet was Harlan Butler's 13-6 in the pole vault. With no competition in the event, the Hartnell jumpers swept the PV with Jim Sewell and Sandro Benassi placing two-three behind Butler.

Butler, in his three attempts at the 14 height, came closest on his second leap when he seemed to clear the bar but looked like he tipped it off on his way down.

Summers, Burdette Win Two

Double winners for Hartnell were Kent Summers in the mile (4:39.2) and the two-mile (10:17.8), and Dick Burdette in the 100 (10.1) and in the 220 (21.7). Burdette also paced the winning Hartnell relay team to a win.
